Karen: Want to come over tomorrow at 10 or so? We could finish off those contracts, etc. before your 1:45 appointment?
me: yep
me: proposal is now entirely finished
me: in time for him to get it in to publishers before the rush
me: also, Kevin Mitnick, who just put a book out, is being immature

Karen: OK, does the girl want to come over too? Should I call you around 9:30 or so?
me: she's got a laptop being delivered here, I imagine she'll have to stay to sign for it
me: why don't you pick me up at 11 or so, it's not going to take much time for me to sign those papers
Karen: OK will call you around 10?
me: okay-dokey
